### Inh. Andreas Engel e.K.

#### PRODUCTS:

Fine and masonry flours  
Wholemeal products  
Other speciality products

Oldendorfer Mühle is a modern craft and business enterprise with a historical background. As one of the last active water mills, it is now in its fourth generation of family management and specialises in the processing of rye and buckwheat. A specially developed milling programme allows the machines to be used flexibly, so that customised niche products and individual customer requests can also be processed.
